ATCL Principles of Vocal Teaching

Teaching Practice

ATCL Principles of Vocal Teaching is a diploma in which the depth of response is equivalent to that achieved on completion of the first year of a full-time undergraduate course at a higher education institution.

This qualification provides evidence that candidates understand the main principles involved in vocal teaching in the context of individual or small group lessons. Based on a combination of documented experience, personal research and critical reflection upon their own practice and that of others, they can plan and deliver activities designed to promote musical and technical development for individuals or small groups, demonstrating awareness of relevant professional protocol and legislation.

本課程旨為有志成為聲樂導師、合唱指揮 或 其他樂器導師的音樂教育者，提供教學支援，包括實習、觀課、研討 及 聲樂指導。

學員完成課程後將合資格應考由 英國倫敦聖三一音樂學院 提供的聲樂教育文憑，相當於在高等教育機構完成全日制本科課程第一年時所達之程度。
